

OVERVIEW

The FL220-EX flood light is a compact, lightweight, and LED flood light designed for use in harsh marine applications. Its rugged construction and waterproof design make it ideal for:

- Offshore oil platforms
- Offshore drilling rigs
- CALM, SALM and SPM buoys

CERTIFICATION

Certificate Number: ITS20ATEX105602X
Coding: Ex db IIB T6 Gb Tamb -40°C to +55°C Gb
IECEX Certificate Number: IECEx ITS20 0031x

KEY FEATURES

- Suitable for Zone 1 and 2 installations
- Made from 316L stainless steel
- State of the art LED array with long operational life

SPECIFICATIONS

Input Voltage	10-30VDC
Lamp Type	LED
Power	80W (4000 Lumens)
Colour	White
Weight	10kg
Cable Entries	3 x M20 (1 x M20 Drain/Breather)
Mouting Spec	2 x 12mm, 235 Centers
Material	316 Stainless Steel
Ingress Protection	IP66
Dimensions (L x W x H)	281 x 146.5 x 146
